

KASNEB

DICT LEVEL III

COMPUTER APPLICATIONS PRACTICAL II

MONDAY: 21 November 2016.

Time Allowed: 3 hours.

Answer ALL questions. Marks allocated to each question are shown at the end of the question.

Additional instructions:

1. Save all your work in the flash disk provided and in a folder bearing your registration number.
2. Work on each question should be saved in the subfolder contained in the folder created in number 1 above. The name of the subfolder should correspond to the question number.
3. Your registration number MUST appear as a header on every printout containing your answers.
4. You must indicate the number of the question answered on the header created in number 3 above.

Note: The information in numbers 1-4 above must be computer generated.

At the end of the examination duration, you should hand in to the invigilator(s):

- (a) The flash disk containing your work.
- (b) All printed work.
- (c) All unused printing paper(s).

QUESTION ONE

Create a word processor document named "Question One".

Use Question One document to save solutions to questions (a) to (d) below:

- (a) Differentiate between the following sets of terms in the context of spreadsheet program:
 - (i) Date () and today (). (2 marks)
 - (ii) Formulae and function. (2 marks)
 - (b) Highlight three advantages of general purpose applications. (3 marks)
 - (c)
 - (i) Describe application software virtualisation as used in computing. (2 marks)
 - (ii) State an advantage and a disadvantage of software virtualisation. (2 marks)
 - (d) Distinguish between "scratch area" and "bleed" as used in desktop publishing. (4 marks)
- (Total: 15 marks)

QUESTION TWO

Using a word processor program, create a document named "Question Two".

Use Question Two document to save solutions to questions (a) to (d) below:

- (a) Explain the following terms as used in spreadsheet applications:
 - (i) Axis label. (2 marks)
 - (ii) Plot area. (2 marks)
 - (iii) Tick mark. (2 marks)

- (b) Explain four types of action queries in context of database systems. (4 marks)
- (c) Differentiate between a “primary key” and an “index” in context of database design. (2 marks)
- (d) State three activities involved in the design phase of a publication using a desktop publishing application. (3 marks)
- (15 marks)**

QUESTION THREE

Use a spreadsheet program to perform the tasks below:

- (a) Create a workbook named “Final Results” containing a worksheet with students marks as given below:

	A	B	C	D	E	F	G
1	First name	Surname	Software Engineering	Mobile Application	Strategy, Governance and Ethics	Average	Remark
2	Kenneth	David	40	60	70		
3	Judy	Hannah	60	50	90		
4	Peter	Morah	70	70	70		
5	Esther	James	80	80	80		
6	Naomi	Adams	50	40	40		

(6 marks)

- (b) Name the worksheet created in (a) above as “Result”. (2 marks)
- (c) Using an appropriate function, compute the average marks for each student in the “Average” Column. (5 marks)
- (d) Complete the “Remark” column based on the following condition:
If a student’s average mark is above 49, display “Pass” else “Fail”. (4 marks)
- (e) Use the data in the “First name” and the “Average” columns to create a pie chart in the “Result” worksheet. (4 marks)
- (f) On the pie chart created in (e) above, perform the following tasks:
- (i) Insert a title named “Marks analysis”. (2 marks)
 - (ii) Position the legend at the bottom of the chart area. (2 marks)

Save and print the “Result” worksheet.

(Total: 25 marks)

QUESTION FOUR

Open a database program and perform the following tasks:

- (a) Create a database file named “Customers”. (2 marks)
- (b) In the “Customers” database, create the following tables each with the fields provided.

(i) CUSTOMER

Field	Datatype	Width	Other
Customer ID	Number (Auto)		Primary Key
First Name	Text	15 char	
Second Name	Text	15 char	
Address	Text	20 char	Uppercase
City	Text	10 char	Uppercase

(2 marks)

(ii) PURCHASE

Field	Datatype
Purchase ID	Auto Number
Customer ID	Number
Purchases total	Currency
Date of purchase	Date

(2 marks)

(iii) SALES PERSON

Field	Datatype	Width
Employee ID	Auto Number	
First Name	Text	20 char
Last Name	Text	20 char
Customer ID	Number	
Purchases	Text	20 char

(2 marks)

(iv) Create a relationship between the three tables.

(3 marks)

(v) Print relationship report based on (iv) above with the page footer containing your registration number.

(2 marks)

(c) Open the database created in Question Four (a) above and perform the following tasks:

Create the following forms and enter data into each of the tables created in question four (b).

(i) CUSTOMER

Customer ID	First Name	Second Name	Address	City
1	Sarah	Amos	P. O Box 3	NAIROBI
2	Lucy	Karura	P. O Box 128	MOMBASA
3	Mike	Adams	P. O Box 100	KISUMU
4	Leni	David	P. O Box 200	NAIROBI
5	Koki	Ndemi	P. O Box 112	NYERI
6	Alan	Monda	P. O Box 321	MOMBASA

(2 marks)

(ii) PURCHASE

Purchase ID	Customer ID	Purchases total	Date of Purchase
001	2	20,000	2/4/2016
002	4	30,000	6/4/2016
003	1	40,000	8/4/2016
004	3	50,000	7/4/2016
005	5	60,000	10/4/2016
006	6	50,000	11/4/2016

(2 marks)

(iii) SALES PERSON

Employee ID	First Name	Last Name	Customer ID	Purchase
1	Caster	Mary	3	Motors
2	Mark	Jasper	4	Cables
3	Tony	Orwa	1	Connectors
4	Cess	Michael	2	Connectors
5	Anne	Jack	5	Motors
6	Opiyo	Alex	6	Fibre coats

(2 marks)

(iv) Create a report containing the following details:

Customer ID
Customer First Name
Customer Second Name
Address
Purchases total

Save the report as "Customers".

(2 marks)

(v) Use an appropriate method to create a query named "QryCustomers" showing all the customers who bought motors and connectors. Include customers' first name, last name and purchase.

(2 marks)

- (vi) Use an appropriate method to create a query named "QrySales" showing first name, second name and purchases total of customers who made "purchases total" of above 40,000. (2 marks)

Save customers database and print "QryCustomers" and "QrySales".

(Total: 25 marks)

QUESTION FIVE

The manager of Talent Music School has contracted you to design the school newsletter.

Use a desktop publishing program to perform the following tasks:

Required:

- (a) Create a single page publication. (2 marks)
- (b) Set up the page as follows:
- Page size A4.
 - Page orientation: portrait.
 - Left margin 2.5 cm.
 - Right margin 2.5 cm.
 - Bottom margin 2.0 cm.
 - Top margin 2.0 cm.
- (c) Set the guidelines to horizontally divide the page into three equal parts. (2 marks)
- (d) Design a logo using the words "Talent music school" and place it at the top part of the page. (2 marks)
- (e) Using word art, type the name of the school "Talent Music School" on the upper right corner. (2 marks)
- (f) Using appropriate word art, insert the title "Talent monthly newsletter". (2 marks)
- (g) Insert two suitable clip arts each measuring 2 cm x 2 cm. (2 marks)
- (h) Insert today's date as a footer. (2 marks)
- (i) On each of the three columns, type the following text:

Column 1

"At the Talent Music School we help you realise that music is an art form and cultural activity whose medium is sound and silence. The school helps you put to practise the elements of music such as pitch (which governs melody and harmony), rhythm (and its associated concepts, tempo, meter and articulation) dynamics (loudness and softness) and the sonic qualities of timbre and texture (which are sometimes the colour of musical sound)".

Column 2: Music Genres

"Music can be divided into genres such as country music and sub genres like country blues and pop country. These are two of the many country sub-genres. Although the dividing lines and relationships are sometimes subtle and often open to personal interpretation and occasionally controversial."

Column 3: Musical instruments

At the Talent Music School you experience each of the following instruments:

- Guitars.
- Keyboards and controllers.
- Live recording.
- DJ equipment and much more.

(3 marks)

Save the publication as "Newsletter".

Print Newsletter Publication.

(Total: 20 marks)
